PROJECT DESCRIPTION: The project proposes an amendment to the City of Lomita General Plan to update the Housing and Safety Elements. As required under State Law every eight years, the City of Lomita is preparing an update to the City's Housing Element, project number GPA 2021-03. The City's existing Housing Element was adopted in 2013 and is set to expire in October 2021. The State Department of Housing and Community Development has provided a Regional Housing Needs Allocation (RHNA) to the Southern California Association of Governments (SCAG) and the City has been assigned a RHNA of 829 units by SCAG for the upcoming 2021-2029 housing cycle across various income levels. The updated Housing Element will provide the capacity to accommodate the RHNA for the planning period with the necessary goals and policies to ensure adequate development of housing for the City during the housing cycle. The updates to the Safety Element, project number GPA 2021-02, address information and policies intended to minimize the risk to people or property from hazards within the community such as air pollution, extreme heat, flooding, geologic hazards, hazardous materials, wildfires and climate change. These elements are policy documents, and the adoption of these elements would not result in any direct or indirect physical impacts because no development or construction is authorized by this action.

NOTICE IS FURTHER GIVEN that in accordance with the California Environmental Quality Act (CEQA), a Negative Declaration (SCH No. 2021080206) for the Housing Element and Safety Element Updates was prepared in accordance with CEQA Guidelines.

For more information about these projects, please call between the hours of 7:30 a.m. and 5:30 p.m., Monday through Thursday, and 8:00 a.m. to 5:00 p.m. on alternating Fridays.
